

GETTING THE LOVE YOU WANT - WORKSHOP FOR COUPLES

September 19-21, 2025

The **GETTING THE LOVE YOU WANT** weekend workshop is designed to help couples consciously bring love and connection into their relationship and create a healing environment. This is Imago Relationship Therapy's signature workshop for couples. It is tailored for couples at all stages of their relationship.

In the workshop, you will:

- **Understand why you have been attracted to your partner**
- **Explore why these places of conflict between you have emerged**
- **Learn to navigate and dissolve frustrations through dialogue that builds safety and connection**
- **Create a vision for your relationship**
- **Gain tools for cultivating positivity and romance in your relationship**

This workshop is primarily educational although the outcomes are therapeutic. The exercises will be done between yourself and your partner. There is no obligation to share with the broader group aside from introductions unless you wish to. We will, however, have demonstrations for some of the exercises and will ask for volunteers.
